ABC Greater Tennessee is a leader in continuing education for the construction industry, as well as apprenticeship and craft training for merit shop contractors in the state. The ABC Greater Tennessee Construction Trades Academy delivers programs that equip craft professionals with the knowledge and skills they need to improve their productivity and safety, and advance their careers.

The Construction Trades Academy teaches the Department of Labor approved curriculum through Mike Holt Enterprises and NCCER in a number of different trades. All of these are 4-year programs and upon completion of all requirements each student will receive a ABC Greater Tennessee Construction Trades Academy certification of completion.

The student must be enthusiastic, read, write, comprehend English and able to do math at an 8th grade level, 18 or older, able to legally work in the United States, graduated High School with a proof of diploma or GED, a State of Tennessee proof of identification for first year students, work faithfully and diligently at the occupation, physically able to perform on a construction site as required for the job, pass a drug test, have reliable transportation, and go on job interviews and respond to prospective employers in a timely manner.

800 Programs.68 ABC Chapters Nationwide

At Associated Builders and Contractors, we believe in building people through the merit shop philosophy: that projects and personal advancement should be awarded based on performance, skill and achievement. ABC has been setting the standard for safety, quality and integrity in the construction industry since 1950.
